

VISION AND MISSION

November 19, 2013

VISION

The Vision of D-J Engineering Group is to be a key manufacturer and MRO of complex components and assemblies for the aerospace industry.

MISSION

D-J Engineering Group will become a key player through:

- Investing in technology, equipment and developing new processes
- Focusing on difficult to manufacture and emergent customer designed products
- Emphasizing quality, safety and environmental awareness
- Employing and training a diverse and innovative team, motivated to deliver excellence

(Rezaul Chowdhury)
